# Introduction

Throughout my entire life, I had a common theme: money could be better. When I worked in Corporate, every time I'd increase my salary, expenses would increase even more. Sometimes money just couldn't seem to find me.

I have worked very hard getting rid of these blockages. One of things that helped change that was the creation of money magnets. For years I had been collecting bills with unusual serial numbers and charging them in the moonlight/sunlight. One day it dawned on me: why don't you try programming intentions into the bills and putting them back into circulation? That way, every time someone touches or thinks about the bill, the intention is empowered.

This really seemed to help my money flow. I invite it to help yours.

Here are the steps to take to activate each bill:

1. Go through book once, looking at each bill and reading the intention
2. Set the intention to activate the intentions. Go back through page by page, allowing each to be activated for you. When done, say "Thank you Universe."
3. That's pretty much it. If you don't feel any energy from them, it's a good idea to do it 3 days in a row. They usually activate after 1 pass.

May you be able to receive money in many different ways!

## Just A Few More Notes:

1. It is not necessary to print out this book. Though you can if you want to.
2. Please allow yourself to receive without expectations or judgments. This stops the flow.
3. I'd invite you not to stress about if it's working or not. I find they work the best when I activate them and forget about them.

I have hundred's of \$1 that have been being energized for years. If you'd like special ones just for you, please contact me.
